Save for September

We are **STILL** in need of a garage/storage space to store items for our next FUNDrive event in September. You can also help our upcoming Seniors by finding those left-overs at yard sales around your community and hang on to those items until we locate a storage space.

Parents,

The end of the year is quickly approaching. Please help your student in returning all textbooks, books, tablets, nooks, athletic uniforms and sports equipment. Thank you,
Excel Staff

Classes are filling up!

If you haven't registered your child for the 2018-2019 school year, the time is now. We cannot guarantee a spot for your child if you continue to wait. There are so many things to look forward to next year (like our STEM Robotics program. It's going to be a great year!

Guess What!!

We are excited to report that we have contracted with a company to install our security buzz-in front doors on both buildings. Parts have been ordered and the doors will be installed early this summer. They'll be in place by the start of the new school year.

Parents DID YOU KNOW...

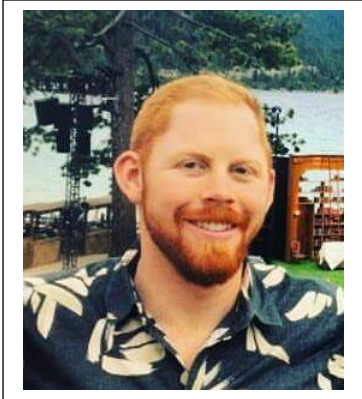

As your student begins to look at colleges, many Christian colleges will give a scholarship for graduating from a Christian High School. Yes!

Scholarship criteria: accumulative GPA of all 4 years depending on College 3.0 to 3.5 +

For example: GCU offers \$5,000.00 per year for attending a Christian High School. AND based on GPA, SAT or ACT scores offer an additional \$3,500 to \$10,000 scholarship.

GCU isn't the only college that offers scholarships. Contact Mrs. Carr for more information.

Alumni Spotlight

Jonathan Sanders
Class of 2010

After graduating Valedictorian, Jonathan attended UNR and earned a Bachelor's degree in Mechanical Engineering. He is currently a mechanical engineer at Sierra Nevada Corporation, a major defense contractor in Sparks, where he helps create autonomous flight systems, communications gear, airborne surveillance systems, and aircraft vision systems that save lives. His work includes mechanical design and structural, thermal, aerodynamic and electromagnetic analyses.

Thoughts on Excel: *Excel is a great institution and is improving every year. I hope others are just as blessed and prepared for college and beyond as I was.*
